

APCAB 2012

ALGAE FOR THE FUTURE

8th Asia-Pacific Conference on Algal Biotechnology
and 1st International Conference on Coastal Biotechnology

ASIA-PACIFIC SOCIETY FOR APPLIED PHYCOLOGY'S (APSAP) BIGGEST CONFERENCE!

Following on from the success of previous APCAB Conferences around the Asia Pacific, the APCAB Organising Committee looks forward to welcoming delegates to Adelaide, Australia for APCAB 2012. This decade presents the renaissance of the algae industry and research in the Asia-Pacific. Macro and micro-algae cultivation, bio-discovery and bio-processing are rapidly growing sources of new products and industries, influencing research and the development of technologies and policies. The 8th APCAB 2012 will bring together experts in the field for ideas and knowledge and a roadmap for the future.

CONFERENCE THEMES

- Algal genomics
- Algal aquaculture and feeds
- Environmental management of algae
- Algal biorefinery concept
- Rural and indigenous development
- Taxonomy, ecology and biodiversity of algae
- Biotechnology for sustainable coastal development

The 8th APCAB 2012 will provide delegates with the opportunity to participate in forums with expert panels, workshops and optional technical site tours. There will also be the opportunity to network with industry and colleagues during the trade exhibition and social program. Highlights of the social program include the Welcome Reception on Sunday 8 July, and the Conference Dinner on Tuesday 10 July.

A city of natural beauty and simple elegance, Adelaide appeals to many with its relaxed cosmopolitan lifestyle, high tech venues, easy transport and rich cultural and culinary offerings. South Australia is renowned for its wow factor – an abundance of Wildlife, Outback and Wine – including Kangaroo Island, the stunning Flinders Ranges and Outback, and the Barossa Valley.

9–12 July 2012, Adelaide Convention Centre

KEY DATES

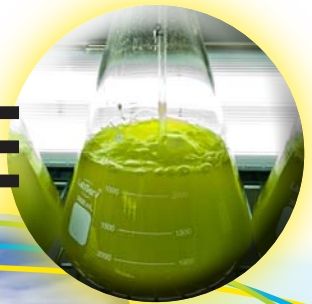

- Call for Abstracts open: 10 October 2011
- Abstracts submission close: 24 February 2012
- Registration open: 1 February 2012
- Early Bird registration close: 25 May 2012

Register for updates and prizes today! Sign up at: www.sapmea.asn.au/apcab2012

Receive notifications about early bird registration discounts, paper and poster submissions, travel information and the latest program announcements

Sponsorship and Exhibition opportunities are available, to secure your company or institution's position at the most important APCAB to date, please contact apcab2012@sapmea.asn.au
